**TruShield Security Solutions, Inc. Provides Security Awareness Training to Children's Law Center**

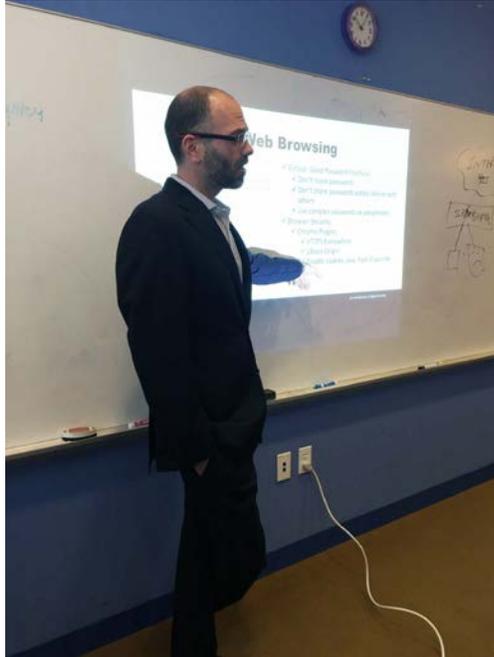

*Paul Caiazzo, Principal and Chief Security Architect of TruShield Security Solutions, Inc. led a presentation on the importance of digital security.*

**Dulles, VA (April 7, 2016): TruShield Security Solutions, Inc.**, a global cyber security company providing continuous security monitoring solutions, conducted a security awareness training for Children's Law Center on Monday, April 4, 2016. The presentation provided staff with tips and solutions focused on security measures when using insecure networks, email, mobile devices, web browsing, and social media.

"It is always a pleasure to help Children's Law Center, an organization with great focus on an important mission," said Paul Caiazzo, Principal and Chief Security Architect of TruShield. "My goal was to deliver information to staff on how to protect themselves and the clients they represent from common cyber risks. We are proud to be working alongside Children's Law Center in many different ways and look forward to our future endeavors with this great organization. If you are unfamiliar with Children's Law Center, I'd urge you to research and consider supporting them."

"TruShield provided a personalized and comprehensive security awareness training. Our staff was excited to learn concrete steps they could take to better safeguard their work and themselves from rising privacy and security threats," said James Bristol, Knowledge Manager at Children's Law Center. "We are truly grateful for this step in building our relationship with them."

TruShield Security Solutions, Inc. will continue to provide training to Children's Law Center's staff. Future presentations will dive deeper into specific areas of digital safety, to include email, web browsing, social media, mobile devices, teleworking, insecure networks, etc. To learn more about TruShield's customizable Security Awareness Training programs, visit [www.trushieldinc.com](http://www.trushieldinc.com).

**About TruShield:** TruShield Security Solutions, Inc. ([www.trushieldinc.com](http://www.trushieldinc.com)) is a global provider of concierge cyber security solutions. Founded in 2008 by a group of cyber security experts with backgrounds in Finance, the Federal Government, E-Commerce, Healthcare and Legal industries, TruShield's mission is to enable organizations of all sizes to access advanced threat detection and mitigation capabilities at costs within their reach. TruShield offers a comprehensive suite of Managed Security Solutions and Professional Services aimed at solving complex cyber security problems with practical solutions that are proven to work in the real world, at organizations across a variety of industries, and any size. TruShield's program-oriented approach utilizes the most current threat intelligence to prevent, detect, contain and eradicate threats on our clients' networks 24 hours a day.

**About Children's Law Center:** Children's Law Center fights so every child in DC can grow up with a loving family, good health and a quality education. Judges, pediatricians and families turn to us to be the voice for children who are abused or neglected, who aren't learning in school, or who have health problems that can't be solved by medicine alone. With 100 staff and hundreds of pro bono lawyers, we reach 1 out of every 8 children in DC's poorest neighborhoods - more than 5,000 children and families each year. And, we multiply this impact by advocating for city-wide solutions that benefit all children. Learn more at [www.childrenslawcenter.org](http://www.childrenslawcenter.org).
