**Milestone Systems and Milestone University Named Top Check Point Software Technologies
Authorized Training Center in North America**

Minneapolis, MN and Atlanta, GA, April 12, 2016 - Milestone Systems, Inc., the nation's fastest growing information security and infrastructure provider announced it's Milestone University has been named the Top Check Point Software Technologies Authorized Training Center (ATC) in North America and one of the top 5 global ATC partners for 2015.

Paul Eck, Director of Milestone University said, "Milestone University is honored to be recognized by Check Point Software Technologies for this award for the second year in a row."

Toni Ponder, Manager, Training Programs and Certification with Check Point Software Technologies said, "Check Point is committed to delivering the highest quality training and enablement programs for its customers and partners throughout the world, and we are delighted to have Milestone Systems to service the skills requirement for Check Point Software Technologies across North America as an Authorized Training Centre."

"Our instructors are Check Point certified engineers and are dedicated to delivering the highest quality training programs for our customers," Eck added. "And we look forward to continuing to work with Check Point educating their global end user community."

Ponder also noted, "With their deep cyber security skills and coverage of the region, we are confident in Milestone Systems' ability to execute for Check Point in this expanding theatre," said Toni Ponder, Manager, Training Programs and Certification, Education Services, Check Point Software Technologies.
