## **TruShield Security Solutions, Inc. to Exhibit at ISACA Event**

*TruShield to attend their first North America CACS Conference in New Orleans*

**Dulles, VA (April 15, 2016):** TruShield Security Solutions, Inc., a global cyber security company providing continuous security monitoring solutions, will attend its first North America CACS Conference, held in New Orleans, Louisiana May 2-4, 2016. The conference facilitates a learning and networking experience among the experts in the information systems audit, control, and security trade.

TruShield Security Solutions, Inc. will be exhibiting at booth number 18. At the TruShield booth we will be hosting live demos featuring our concierge solutions that will provide individuals with unsurpassed awareness of how TruShield can support their organization against cyber threats.

TruShield will also raffle off some great prizes, including a custom TruShield remote control helicopter.

*"We are excited here at TruShield to be part of the ISACA conference this year. We look forward to seeing our partners, clients, as well as generating new opportunities," says Wesley VanDenburg, Executive Vice President of Global Sales.*

For more information about the ISACA North America CACS conference visit their website at: <https://www.isaca.org/ecommerce/pages/north-america-cacs.aspx>

**About TruShield:** TruShield Security Solutions, Inc. ([www.trushieldinc.com](http://www.trushieldinc.com)) is a global provider of concierge cyber security solutions. Founded in 2008 by a group of cyber security experts with backgrounds in Finance, the Federal Government, E-Commerce, Healthcare and Legal industries, TruShield's mission is to enable organizations of all sizes to access advanced threat detection and mitigation capabilities at costs within their reach. TruShield offers a comprehensive suite of Managed Security Solutions and Professional Services aimed at solving complex cyber security problems with practical solutions that are proven to work in the real world, at organizations across a variety of industries, and any size. TruShield's program-oriented approach utilizes the most current threat intelligence to prevent, detect, contain and eradicate threats on our clients' networks 24 hours a day.
