CATALYST HEALTHCARE ADVISORS EXPANDS EXECUTIVE TEAM

New VPs of Technology Consulting, Sales to Lead Accelerated Growth of Technology Business

Bradenton, FL, May 3, 2016 – Catalyst Healthcare Advisors, a consulting firm for hospitals and health systems, expanded their executive team with two new hires, Dan Murry as vice president of technology consulting and Courtney Condon as vice president of sales. The addition of Murry and Condon extends Catalyst’s performance improvement capabilities in healthcare information technology strategy, system selection, implementation, optimization, integration and meaningful use.

Previously senior vice president of strategy and partnerships for Leidos Health, Murry brings 36 years of healthcare technology and management experience to Catalyst’s team of performance improvement experts.

“I’m excited to be part of a culture that supports growth and innovation,” said Murry. “Catalyst combines high quality solutions for today’s healthcare challenges with the flexibility and creativity to support the future needs of the healthcare industry.”

Condon also brings valuable healthcare technology expertise. Prior to joining Catalyst, Condon served in sales leadership positions at Leidos Health (formerly SAIC), maxIT Healthcare, Merck & Co. (formerly Schering Plough) and Oracle Corporation.

“Catalyst’s performance improvement results are the best in the industry,” said Condon. “I look forward to delivering rapid, effective IT and operational solutions to providers as they navigate today’s changing reimbursement models.”

Stephen Furry, chief executive officer of Catalyst, added, “Both Courtney and Dan have a record of success delivering measurable performance improvement results for their healthcare clients. We are excited to welcome them to the Catalyst leadership team.”

In addition to the executive team, Catalyst is backed by seasoned senior advisors. The advisors, who bring more than 40+ years of industry experience and expertise, include:

- Jean Balgrosky, PhD, RHIA – Co-founder of Bootstrap Incubation, CIO of MD Revolution, former CIO for Scripps Health and Trinity Health System;
- Amy Furry – Co-founder of Catalyst, former program director for My Health Care Manager, medical strategy consultant for Ford Motor Company, and director of marketing and product development for WellPoint (now Anthem);
- Parker Hinshaw – Co-founder of Bootstrap Incubation and founder of maxIT (now Leidos Health).

About Catalyst Healthcare Advisors:

Catalyst Healthcare Advisors delivers transformational performance improvement and financial results for hospitals and healthcare systems. Catalyst consultants work collaboratively with clients to implement operational and financial solutions that drive rapid, measurable and sustainable results. Service areas include revenue cycle, supply chain, information technology, clinical effectiveness, workforce deployment, revenue growth & strategy, management services and governance. Project teams are comprised of senior healthcare executives and functional specialists with extensive clinical, operational, financial and technical backgrounds. Catalyst has a proven track record, with an average of at least 4:1 ROI in the first 12 months. Previous clients include Yale New Haven Health System, Baylor Health Care System and Indiana University Health. For more information, visit catalysthealthcareadvisors.com.
