

Hunga Tonga Hunga Ha'apai Bathymetric Survey

Schmidt Ocean Institute Research Vessel FALKOR surveyed the Hunga Tonga Hunga Ha'apai (HTHH) Island in Tonga in April and May 2016. This survey was conducted in collaboration with Dr. James Garvin, Chief Scientist at NASA's Goddard Space Flight Center. This was an opportunistic survey conducted during the FK160407 Vent Life Expedition in the Lau Basin in the Kingdom of Tonga.
