MAY 3, 2016, Beverly, Mass. – [Coastal Windows & Exteriors](#), a home improvement leader in New England, is now the exclusive local distributor for Soft-Lite Elements windows purchased through the former company, Next Step Living. Next Step Living has discontinued all operations and has gone into foreclosure as of March 18, 2016. Coastal Windows & Exteriors will now honor warranties for customers that purchased Soft-Lite Elements windows through Next Step Living.

For an easy transition, Coastal Windows & Exteriors will maintain the integrity of the manufacturer warranty for previous window purchases made through Next Step Living and will order replacement parts at no cost to customers. The company will also provide associated service and labor at the standard industry rate.

“Ensuring our customers receive top notch products and unbeatable service is a priority for our team here at Coastal,” said Stephanie Vanderbilt, owner at Coastal Windows & Exteriors. “With the foreclosure of Next Step Living, we’re proud to honor the warranties for Soft-Lite Elements windows and will ensure each individual will receive the undivided attention we provide our own customers.”

As a bonus, Coastal Windows & Exteriors is offering former Next Step Living clients up to 25% off former retail pricing on Soft-Lite windows now through June 30th. If customers have any outstanding service items and purchase a window through Coastal Windows & Exteriors, service may be free.
