

PRESS RELEASE

FORMGLAS PRODUCTS LTD. BOOSTS ITS SALES EFFORTS WITH THE ADDITION OF A NEW VICE PRESIDENT, BUSINESS DEVELOPMENT FOR THE NORTH AMERICAN MARKET

Toronto, May 25, 2016:

Formglas Products Ltd., the industry's leading manufacturer of molded architectural products and material solutions is pleased to announce that Samuel (Sam) V. Diaquila AIA CSI has joined the firm as Vice President, Business Development.

A registered architect and AIA member with over 30 years' experience in architecture and construction, Sam built and sold his own award-winning architectural practice, served in design/architectural and business development roles with two design/build firms, and most recently was a partner and head of North American sales for BASWA Acoustic North America.

"Sam is widely regarded and respected as a high-energy and accomplished relationship and business builder with a strong technical acumen. He joins Formglas during a period of high-growth and when we are making major investments in new technologies to strengthen our ability to engage and deliver valuable solutions to the market", says John Chettleburgh, CEO of Formglas.

Diaquila's mandate will be to focus on growing key and targeted markets in the United States, extending and strengthening relationships between Formglas, architectural and design firm practitioners, and building contractors, and executing a variety of strategic marketing and sales plans.

"I am delighted to be part of the Formglas team. We have a long history of success on projects of significance around the globe, and I look forward to being part of many future successes", says Diaquila.

Headquartered in Toronto, Canada, Formglas Products Ltd. is North America's largest manufacturer of custom molded glass fiber reinforced gypsum, concrete and composite FRP-based architectural products for interior and exterior applications. Formglas solutions are sustainable, designed to accelerate construction, enhance aesthetic appearance and ensure years of durability and beauty. Learn more at www.formglas.com.
