**Quick Clip**  
Use with Quick Mount Light

**90 Degree with  
± 15 Degrees of Adjustment**  
Use with Stud Threaded Mount Light

**90 Degree Edge with  
± 15 Degrees of Adjustment**  
Use with Stud Threaded Mount Light

# SMARTly DESIGNED

**DOW CORNING**

SoundOff Signal worked in collaboration with Dow Corning, a global leader in silicones, silicone-based technology and innovation, to create a first generation optical design called ClearDuty™.

ClearDuty withstands extreme usage and weather conditions well beyond traditional polycarbonate lenses:

- Small footprint with maximized brightness
- Resistance to scratching, pitting and cracking
- Keeps water out
- High UV characteristics eliminates yellowing

# FASCIA technical specifications

FLASH PATTERNS 12 Single color patterns, 14 Dual or 14 Tri-color patterns

INPUT VOLTAGE 9-32 Vdc

CURRENT DRAW < 1.0 Amps @ 12.8 Vdc, < 0.5 Amps @ 25.6 Vdc

LIGHT SYNC 24

OPERATING TEMPERATURE -40° C to +65° C

DIMENSIONS Quick Mount: 2.9" (7.36 cm) L x 0.92" (2.3 cm) H x 0.47" (1.2 cm) D (from mounting surface)  
Screw Mount: 3.425" (8.7 cm) L x 0.92" (2.3 cm) H x 0.42" (1 cm) D (from mounting surface)  
Stud Mount: 2.9" (7.36 cm) L x 0.92" (2.3 cm) H x 0.42" (1 cm) D (from mounting surface)

Quick Mount: 4.04" (10.3 cm) L x 0.92" (2.3 cm) H x 0.47" (1.2 cm) D (from mounting surface)  
Screw Mount: 4.52" (11.4 cm) L x 0.92" (2.3 cm) H x 0.42" (1 cm) D (from mounting surface)  
Stud Mount: 4.04" (10.3 cm) L x 0.92" (2.3 cm) H x 0.42" (1 cm) D (from mounting surface)

CERTIFICATIONS SAE J595 and J845 Class 1 certified and CA Title 13, Article 22 compliant
