

NEW ROCKLER GRILL TOOLS HARDWARE KIT INSPIRES CREATIVE BBQ SETS

MEDINA, MN. (June 2, 2016) — Woodworkers and DIYers searching for distinctive, top-quality barbecue tools can now design and craft their own with Rockler's new Grill Tools Hardware Kit.

The Grill Tools Hardware Kit includes a slotted spatula, gripping tongs and basting brush. Users then select their own blanks and shape them into custom handles to achieve a unique look and feel. The handles are then attached to the hardware either with the included threaded inserts or with epoxy. Whether made to keep or as a creative gift idea, the combination of premium quality hardware and one-of-a-kind craftsmanship will result in a unique set of barbecue tools made to last.

"There are everyday grill tools, and then there are grill tools that make you say 'whoa' when you pick them up," said Steve Krohmer, Rockler's vice president of merchandising and proprietary. "These are the 'whoa' tools. Their quality is enough to make anyone feel like a grill master."

Each Grill Tool Hardware Kit is made of heavy-duty, food-grade steel components, except the basting brush, which is made of heat-resistant silicone. The slotted spatula features a serrated edge on one side for cutting. The spatula and brush include metal loop caps which allow users to attach a tie for easy hanging storage.

The Grill Tools Hardware Kit (51066) is priced at \$69.99 and can be purchased at Rockler.com or at Rockler Woodworking and Hardware stores nationwide, as well as through the Rockler catalog. For store locations or a free catalog, visit www.rockler.com or call 1-877-ROCKLER.
