ELECTRONIC FILL/CREDIT & SLOT JACKPOTS

eWIZPRO™
fill/credit & slot jackpot solution

YOUR CASINO IS CHANGING.
ISN'T IT TIME TO UPDATE YOUR TECHNOLOGY?

eWizPro allows you to electronically manage your pit fills/credits and slot jackpots. What used to be a painstaking manual process now takes seconds to process. Take the guesswork out of audits with accurate and secure organization of your information.

The eWizPro is so easy to use that training time takes less than one hour. Our system can be installed and working within the day.

New technology for an old standard.
Don't work harder, work smarter.

- Update the formatting of your forms in seconds
- Immediate access to daily reports and totals per cashier
- No handwritten entries
- Export data to other systems
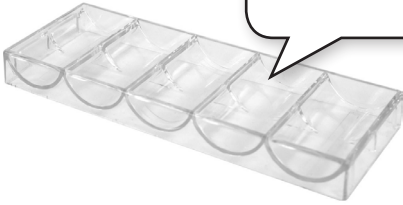

WHAT THEY'RE SAYING...

"Your tools have helped me identify what questions to ask to personnel. Also, reports are very handy when communicating with my management team. They eliminate the room for confusion and misunderstandings that used to occur during the audit stage."

Jo Johnson
Casino Director, The Bellagio
