

# COLLEEN ROTHSCHILD BEAUTY

"I've explored the efficacy of next-generation ingredients from around the world, and have seen first-hand the latest technologies as they were being discovered. What was most exciting to me, was seeing how those major advances made such an impact on the way women looked, and how they felt about themselves."

— Colleen Rothschild

## EXPERIENCE IS THE DIFFERENCE

Colleen Rothschild is...

### EXPERIENCE

Combining more than 20 years of expertise in the beauty industry with her entrepreneurial spirit and passion, Colleen created a skincare line that is effortless, beautiful and highly effective. Colleen's collection encapsulates her vast knowledge of the complexity of skin and a clear understanding of what it truly needs.

### LUXURY

The definition of luxury for Colleen is measured by the quality, results and authenticity of her products... one that a discerning consumer demands today.

### RESULTS

Understanding the manufacturing fundamentals to developing high-performance skincare products, Colleen looked back throughout her career and analyzed what was essential for providing maximum long-term results. With her findings she created a sensory-rich beauty experience that balances proven science and modern technology, resulting in healthy beautiful skin for all ages and skin conditions.

### SCIENCE

Skincare that's stunningly simple, yet from a chemistry perspective, incredibly complex. By marrying time-tested proven ingredients and today's cutting edge technologies together with the proprietary delivery system LEVEL E3, Colleen created products that deliver the best skin-perfecting results possible.

### SENSORIAL

Colleen's amazing attention to detail can be seen throughout the brand. Beautifully executed packaging, colors, texture and aromatics ...her collection indulges all the senses. They're efficacious, transformative and luxurious, working fast, hard, and smart LIKE YOU.

### CURATED

Colleen carefully curated a skincare range, embracing simple tasks that provide comprehensive results. While your skin type is genetic, your skin condition is going to fluctuate depending on factors large and small. It was Colleen's intention to create a product mix that could be adjusted to suit your skin's ever changing needs.
