Wiring around, or removing the legacy ballast is required prior to permanent installation.

OmniMax™

Decorative Luminaire Retrofit
40W & 70W

The first truly omnidirectional LED replacement lamp for HID decorative outdoor light fixtures. Emulates the light center and pattern of the legacy HID bulb. This easy to install, screw-in retrofit is self-ballasted and offers exceptional energy and maintenance savings. Available in multiple color temperatures to brighten and revitalize, or re-create a historic glow. With Evluma's Photocontrol Failsafe™ built-in, never again roll a truck to replace a failed photocontrol. The OmniMax is compatible with ConnectLED™.
