iPatientCare to Host National User Conference 2016 from October 21st through 23rd, 2016

Winter is Coming, so is NUCON 2016: A great User Engagement Event for Education, Exhibition and Entertainment!

Woodbridge, NJ, July 28, 2016 — iPatientCare, a pioneer in cloud-based ambulatory EHR and Revenue Cycle Management services, announced today its much awaited gala annual event, National User Conference (NUCON) 2016, which will be held from October 21st through 23rd, 2016. iPatientCare's annual user conferences focus on education/exhibition/entertainment, involve national participation of iPatientCare users and channel partners, and generate great excitement and applaud for the series of presentations involving sneak preview of the future product releases and fun events engaging the entire iPatientCare community.

Every year through NUCON, iPatientCare offers a great learning opportunity to all its members to stay up-to-date on the upcoming industry developments as well as latest and upcoming enhancements in iPatientCare product suite. NUCON is a great platform which allows iPatientCare channel partners, end users, certified professionals, business partners, and entire iPatientCare family to connect and communicate within themselves over education, exhibition, and entertainment.

"iPatientCare, being the leader in Ambulatory Market space accepts its responsibility of keeping its end users updated with recent healthcare industry changes as well as upcoming updates by iPatientCare for enhancing the user experience for our solutions and increase their efficiency with reduced costs, improved quality and better outcomes. NUCON 2016 will emphasize on understanding MACRA/MIPS along with Care Coordination/Analytics and Telemedicine. This will provide an amazing opportunity to learn how newer technologies offered by iPatientCare can contribute in making practices' workflow efficient and serve patients more effectively," said Kedar Mehta, CTO, iPatientCare. He further added with great enthusiasm "I look forward to be giving a sneak-peek of R2017 after the keynote address from our CEO, Udayan Mandavia."

"The overwhelming success, great experiences by our users during this event, outstanding excitements and enjoyments of past NUCONs has encouraged us to come with yet another episode of exciting annual event with tons of changes," said Harsh Thakur and Sunil Tirthdasani, Coordinators, NUCON 2016 Organizing Committee.
The winter is coming… so is NUCON 2016! iPatientCare users get ready for the great time together, thanks to this great engagement event held annually and kicked-off on Friday. After all, iPatientCare NUCON reminds them: Thank God, It's Friday!

About iPatientCare:

iPatientCare, Inc. is a privately held medical informatics company based at Woodbridge, New Jersey. The company's unified product suite includes Electronic Health/Medical Record and integrated Practice Management/Billing System, Patient Portal/PHR, Health Information Exchange (HIE), and Mobile Point-of-Care Solutions for both Ambulatory and Acute/Sub-acute market segments. iPatientCare has been recognized as a preferred MU partner by numerous Regional Extension Centers (REC), hospitals/health systems, and professional academies.

iPatientCare EHR 2014 (2.0) has received 2014 Edition Ambulatory Complete EHR certification by ICSA Labs, an Office of the National Coordinator-Authorized Certification Body (ONC-ACB), in accordance with the applicable eligible professional certification criteria adopted by the Secretary of Health and Human Services (HHS).

Full certification details can be found at ONC Certified Health IT Product List.

The ONC 2014 Edition criteria support both Stage 1 and 2 Meaningful Use measures required to qualify eligible providers and hospitals for funding under the American Recovery and Reinvestment Act (ARRA).
