

D'ja Cheat?

Verse 1

I went to work today
Sat at my desk all dismayed
Thought about our mangled past
Not sure why the passion didn't last

Seemed so horny at the start
Inseparable nothing kept us apart
Last summer something changed
And I stopped, getting freakin laid!

Chorus 1

There's a question I keep wondering
A nagging feeling that's got me suffering
D'ja cheat on me?
D'ja cheat on me?

Suspicious, anxious and insecure
Obsessed day and night and thru and thru
My worse nightmare, did it come true?

D'ja cheat on me?
D'ja cheat on me, when I was always there for you?

Verse 2

I took it kinda hard
Was painful being so far apart
Though we were all broken up
I never really had enough

I always felt so damn wronged
Acted like a rabid dog
Stumbled like a drunken man
Sobered slowly, I walked then I ran

But

Chorus 2

There's a question I keep wondering
A nagging feeling that's got me suffering
D'ja cheat on me?
D'ja cheat on me?

Suspicious, anxious and insecure
Obsessed day and night and thru and thru
My worse nightmare, did it come true?

D'ja cheat on me?
D'ja cheat on me, when I was always there for you?

Bridge

D'ja cheat on me?
Would D'ja cheat on me?
D'ja cheat on me?
D'ja cheat on me?

D'ja, D'ja, D'ja, D'ja, D'ja, D'ja
D'ja cheat on me?

Now?
D'ja?
Huh?
D'ja cheat?

Chorus 3

There's a question I keep wondering
A nagging feeling that's got me suffering
D'ja cheat on me?
D'ja cheat on me?

Suspicious, anxious and insecure

Obsessed day and night and thru and thru
My worse nightmare, did it come true?

D'ja cheat on me?

End

Well the moral of the story
Is I should have never worried
Who cares if you cheated
I was a moron to have begged and pleaded

I should've seen the signs
Should've left you at that time
I wasted too much hope on you

So you cheated on me
Well who cares?
I do dammit and I can't stop thinking about it!

Ahhhh
Ugh
I hate this

D'ja?
D'ja cheat?
D'ja?
