

Give back

Golfers Give Back was conceived to bring together individuals and groups who can help the CarePlus Foundation reach new levels of awareness for the daily struggles of those suffering from severe mental illness.

Every dollar raised goes to increasing access to care: providing shelter, medication, and services that individuals and families might not otherwise be able to afford. Your generosity ensures we continue public education on mental health issues and awareness training for communities.

Share in the reward of helping another succeed in recovery.
