## **MobilityWorks Expands Into Dallas/Fort Worth and Austin Metro Areas with Acquisition of Advanced Mobility Systems of Texas**

### **USAs Largest Accessible Van Retailer Adds Three Wheelchair Van Showrooms to National Footprint**

RICHFIELD, Ohio, August 3, 2016 -- [MobilityWorks®](#), the nation's largest retailer of wheelchair accessible vans, is adding three new dealership locations with its acquisition of Advanced Mobility Systems of Texas.

Headquartered in Fort Worth, TX, [Advanced Mobility Systems of Texas](#) has been family owned and operated since 1986. It has locations in Fort Worth, Mesquite, just east of Dallas, and Buda, about 15 miles south of Austin. The acquisition adds to MobilityWorks' existing presence in the state of Texas, where they currently have a van showroom and service center in Waco. With the acquisition, the company will have 64 consumer locations in 22 states.

"We are extremely pleased with becoming part of the MobilityWorks family, said Guy Tucker, President of Advanced Mobility Systems. "I've known their leadership team for many years and we share the same views on providing great customer service. For me, that was one of the most important aspects of this transition."

The two companies have always shared a passion for helping people with disabilities to be more independent by allowing them to travel in a vehicle of their choosing. Focusing on the individual's specific needs with the right solution is the main objective for both organizations.

"We're very excited to have Advanced Mobility Systems become a part of our organization" said Bill Koeblitz, President/CEO of MobilityWorks. "Guy Tucker and his staff have an excellent reputation for serving clients with care and compassion. I know we will continue that tradition with our new Texas locations."

In addition to selling new and used modified vans for wheelchair accessibility, MobilityWorks and Advanced Mobility Systems also provide rental vans and adaptive equipment such as hand controls, turning seats and scooter lifts. MobilityWorks also manufactures and sells a variety of commercial vehicles to business clients throughout the United States.

### **About MobilityWorks**

MobilityWorks (aka WMK, LLC) is a Cleveland, Ohio-based Inc. 500 company that employs specially trained Certified Mobility Consultants to work closely with its clients to understand their specific transportation needs in finding the right vehicle solution. Founded in 1997 with one location, MobilityWorks has been recognized on the Inc. 500|5000 list of *Inc. Magazine's* fastest growing privately held companies for the past ten years. MobilityWorks Commercial is the largest provider of commercial wheelchair vans in the country. TransitWorks, located in Akron Ohio, is the manufacturing division of WMK, LLC and is Ford Motor Company's largest mobility upfitter.
