Atlas RFID Solutions Makes Inc. 5000 List 5 Years in a Row**Company ranks #1887 nationwide**

Birmingham, Ala., August 22, 2015— Atlas RFID Solutions, [the world leader in material readiness solutions for industrial capital assets](#), today announced that *Inc.* magazine has published their 2016 500|5000 List of the Fastest Growing Companies in America and ranked Atlas RFID Solutions No. 1887. This is the fifth year in a row that Atlas has been named to this list of top-performing companies across the United States, representing only a small fraction of the nation's private businesses.

Inc. released the list August 17 at Inc.com, offering the most comprehensive ranking analysis of companies across all industries and markets. On average, the companies on the list have grown almost five-fold over the past three years. Atlas now joins the exclusive ranks of Zappos, GoPro, Intuit, and other notable Inc. 5000 alumni.

"We have remained laser-focused on our ultimate goal: increasing productivity in the industrial construction market. As this market demand for technology and efficiency, we respond by delivering a construction-driven solution purpose-built for our clients. Atlas and our Jovix solution have been successful because we are solving real problems with a team of the best and brightest innovators paired with world-class implementation teams," states Robert Fuqua, Founder and CEO.

Complete results of the Inc. 5000, including company profiles and an interactive database widget, can be found at www.inc.com.

About Atlas RFID Solutions

Jovix is an award-winning material readiness application developed by Atlas RFID Solutions specifically for the industrial asset market. Jovix combines web-based server software with mobile and auto-ID technologies to extend access to information to decision makers in the field, as well as digitize and automate manual paper-based data collection processes. Jovix provides value for Owner/Operators, EPC firms, contractors, fabricators and suppliers by removing impediments to productivity that result from material readiness issues.

To learn more about Jovix, Atlas RFID Solution's material readiness application used on more than 250 sites across the globe, and how it helps industrial construction projects and operating assets increase efficiency, protect schedule and reduce unnecessary costs, visit www.atlasrfid.com or call +1 855-568-4151 in the US or +1 587-487-5737 in Canada.

About Inc. and the Inc. 500 | 5000 Methodology

The 2016 Inc. 5000 is ranked according to percentage revenue growth when comparing 2012 to 2014. To qualify, companies must have generated at least \$100,000 in revenue by March 31, 2012 and at least \$2M in revenue in 2015. Companies must also be privately held, for profit, based in the U.S., and independently operated.

About *Inc.*

Founded in 1979, *Inc.* is the only major brand dedicated exclusively to owners and managers of growing private companies, with the aim to deliver real solutions for today's innovative company builders. *Inc.* enjoys a total audience of 1.4 million readers for their print edition and 9.8 million unique visitors to their digital edition, and focuses on entrepreneurial successes, news, and trends.
