

Paragon Contingency Planning Executive Workshop

This executive workshop has been developed in partnership with our numerous community hospital clients and will jump start your organization's Paragon contingency planning to deliver maximum value in minimum time.

This one-day process delivers the essential inputs, insights, and alignment needed to craft your own customized Paragon replacement strategy.

The workshop is carefully facilitated by Santa Rosa's senior specialists, and is comprised of three sessions to deliver your custom plan. It brings together key considerations from your current state (Session 1) and possible future states (Sessions 2 & 3), as described in the graphic below:

Deliverable

Identification of the prioritized strengths and weaknesses of your current Paragon implementation.

Determination of 2-3 EMR vendors and platforms that are the very best fit for your organization.

Development of a value-driven, accelerated EMR evaluation and selection process.

Value

Santa Rosa facilitates an open dialogue of what must improve (with a new EMR platform) and what you don't want to lose. This is important information in contingency planning and EMR selection.

Our vast knowledge of the EMR market & solutions will help you align your EMR selection process to reflect your priorities and objectives, while quickly narrowing the field of possible replacements.

Santa Rosa's unparalleled track record in system evaluation and selection will guide your organization to define the most effective, yet accelerated, process contingency plan.

Being prepared with a customized Paragon contingency plan will position your organization to better navigate complex organizational change. Santa Rosa has proven methods. We are ready to help you jump start your strategy planning.

We welcome you to call Santa Rosa **today** at 866-944-4772 to learn more about this important executive workshop.
