An Expanded Indoor Ag-Con Asia is returning to Singapore in January 2017

Singapore (August 22, 2016) - Indoor agriculture continues to emerge as one of the fastest-growing sectors in the world and the return of an expanded Indoor Ag-Con Asia to Singapore will keep you on the cutting edge! This year's event will be focused on the accelerating innovation in the industry – from plant biology, to innovative farm designs, and new business models.

Our two-day event will be hosted at the Marina Bay Sands, Singapore on January 24-25, 2017, and will include an exhibition hall and an exciting lineup of speakers and panels at the conference. Industry leading speakers from academia and industry will address topics from automating indoor farms to developing controls systems to funding an indoor farm. Participants will receive an exclusive hard copy of the newest edition in our popular white paper series. And as usual for all our events, participants will have the chance to network during the day and at our popular after party on the first evening of the event.

New this year will be Indoor Ag-Fest, a series of events and activities in the days leading up to Indoor Ag-Con. There will be opportunities to learn about and participate in indoor ag innovations, and we'll be announcing details these over the coming weeks and months. We are excited to be working with our sponsor Microsoft Singapore once again for a part of this year's events, and thank them for their support.

Jan 19, 2016: @Galactic Farms "Still buzzing from @indooragcon Asia! Thanks for the great event."

Indoor Ag-Con, which hosts meetings in Las Vegas and New York in addition to Singapore, is the leading convener of growers, corporate executives, entrepreneurs, policy makers, and investors involved in the growth of the sector. Our audience includes greenhouse and vertical farm growers, technology companies, executives from the food and beverage sector, venture firms, startups and established urban farmers.

Since it was founded in 2013, Indoor Ag-Con has captured an international audience

INDOOR AG-CON

at all its, attracting some of the top names in the business. Events have welcomed over 1,500 participants from more than 20 countries.

Newbean Capital, the host of the conference is a registered investment advisor; some of its clients or potential clients may participate in the conference. The Company is ably assisted in the event's production by Rachelle Razon of Origin Event Planning, and by Michele Premone of Allied Brede.
