

Whiskey

Intro

She is the love of my life

Verse 1

Whiskey is a refined taste
Only few appreciate
Her scent shines thru
She puts me in a mood

On the edge of my lips
I long to take a sip
Simmering, gentle and ready
My knees feel unsteady

I search the bars on every street
Eager to feel her heat
Cuz' I need her with me
To function properly

I'm miserable without her
Lose my mind without her
Can't live without her

Chorus 1

(Whiskey) you are always on my mind
(Whiskey) you make a fool out of me
(Whiskey) you taste so damn fine
(Whiskey) I dream about you endlessly

(Whiskey) you are always on my mind
(Whiskey) you and I were meant to be
(Whiskey) you help me unwind
Whiskey won't you come with me!

Verse 2

A sip of her flavor
Her kick I will savor
My stress melts away
Body ready to play

Heat is picking up
Icey smooth but rough
She makes me feel so right
I lust for her tonight

When she's not with me
Head pounds in misery
Can't think straight
I need her as my mate

I'm miserable without her
Lose my mind without her
Can't live without her

I just can't do it!

Chorus 2

(Whiskey) you are always on my mind
(Whiskey) you make a fool out of me
(Whiskey) you taste so damn fine
(Whiskey) I dream about you endlessly

(Whiskey) you are always on my mind
(Whiskey) you and I were meant to be
(Whiskey) you help me unwind
Whiskey won't you come with me!

Solo

I'm not talking about bourbon
I'm talking about my woman
She steadies my hands

And I'm crazy about being her man

Chorus 3

(Whiskey) you are always on my mind

(Whiskey) you make a fool out of me

(Whiskey) you taste so damn fine

(Whiskey) I dream about you endlessly

(Whiskey) you are always on my mind

(Whiskey) you and I were meant to be

(Whiskey) you help me unwind

Whiskey won't you come with me!

Outro

I'll spend tonight with her

Night will be a blur

She'll be my 18 year old malt

It'll all be her fault

But she'll soothe my soul

I'll lose all self-control

She'll barely be enough

Cuz' I crave her so much

She'll barely be enough
