

P5530P-3

NEC P Series | 55"

This 55" touch screen features 10-point projected capacitive technology and can operate 24/7 due to its internal and external design. Internally, the display features thermal and cooling abilities as well as self-diagnosis tools and fan technology. Externally, the display boasts a sealed, industrial-strength, premium-grade panel design, so you can mount the display in even the most heavily trafficked areas. For more information, call TouchSystems at (512) 846-2424.
