CCS ORDER MANAGEMENT SYSTEM

Empowering Enterprise Multi-Channel Retail Business for the Mid-Market

Discover what your direct commerce order and inventory management system can provide.

Successful and growing single-channel and multi-channel retailers recognize the importance of a robust and scalable order management system. Ability's Comprehensive Commerce Suite (CCS) OMS serves as a central hub to ensure efficient, profitable, and on time execution of each and every order. CCS OMS goes beyond basic order management and handles the entire life-cycle of your daily business operations—from sourcing your inventory to depositing funds from completed orders.

INVENTORY • LISTS & MARKETING • ORDER ENTRY • SECURE PAYMENTS • SIMPLIFIED SHIPPING

Key Benefits

Central hub to ensure efficient, profitable, and on time execution of each and every order across sales channels.

- Increase sales by offering multi-channel inventory visibility
- Increase conversion & sales with marketing campaign pricing
- Unlimited payment types and multiple payment methods
- Deliver fulfillment excellence, including orders that require assembly or personalization
- Point-of-Sale for store selling and multi-channel order management

Improve back-office operational efficiencies and reduce costs

- Improve fulfillment efficiencies with advanced pick, pack and ship functionality and integration with key shipping providers
- Provide warehouse business users with an easy-to-use UI to efficiently manage fulfillment processes
- Capture financial transactions for integration with Microsoft Dynamics® GP and other popular financial software
- Provide real-time product information updates to Ability SmartSite, Magento and other popular ecommerce platforms

Reduce payment security risk and eliminate validation costs

- Reduce payment security risk with PA-DSS v3.1 compliance

> "The Ability Commerce CCS Order Management System has greatly increased our operating efficiency by allowing us to not only process phone orders but also seamlessly feed inventory to, and process orders from, other sales channels like our website and Amazon."
