

LASERSOFT® CORE APP FOR TRUPOINT® 300

Collect, organize and report all your measurements with an easy-to-use, cost-effective Android-based smart device app!

Collect Measurements

- 1 shot for slope, horizontal and vertical distances, plus inclination
- 2 shots for widths and 3D missing line values
- 3 shots for height

Capture Photos

Use the laser's camera and have the image automatically associated with each measurement.

Remote Fire

Increase your stability and speed up the process by using LTI's CORE app to fire your laser remotely.

Only \$9.99

No subscription fees!

Search for "LaserSoft CORE."

Organize Data

- Add unique descriptors to each measurement
- Build custom categories and sub-categories to classify your data
- Edit, delete or reshoot measurements in any project

CORE for TruPoint

Collect. Organize. Report.

No.	Created	Measurement Type	Category	Subcategory	Measurement Result	Result
5	Jun 7, 2016 2:23:23 AM	Height	NA	NA		
	Jun 7, 2016 2:23:23 AM	Height	NA	NA		32.109
4	Jun 7, 2016 2:23:23 AM	Slope	NA	NA		
	Jun 7, 2016 2:23:23 AM	Inclination				-2.143
