

Colonial Cartage Named a Top Carrier for 2016 by *Inbound Logistics*

ATLANTA, GA., September 29, 2016 – Colonial Cartage Corporation (CCC) has been named by *Inbound Logistics* magazine as one of the nation's Top 100 Truckers for 2016. The Top 100 List will appear in the September issue of *Inbound Logistics*.

“For the 3rd consecutive year, Colonial has been recognized as a Top 100 national motor carrier,” said Carey Dukes, General Manager of Colonial Cartage. “We continue and will continue to exceed our customers' expectations with cost effective on-time deliveries in our expanding service area. This recognition is a result of the efforts of the entire Colonial team.”

“Shippers gain a competitive edge thanks to the innovative solutions and partnership approach provided by Colonial Cartage. Colonial consistently identifies and shares ways to reduce total cost of logistics ownership while keeping customer service to the end customer at the highest levels. That's why *Inbound Logistics* editors have recognized Colonial Cartage as a 2016 Top 100 Trucker,” said Felecia Stratton, Editor, *Inbound Logistics*.

“*Inbound Logistics*' Top 100 Truckers list serves as a qualitative assessment of service providers we feel are best equipped to meet and surpass readers' evolving motor freight transportation needs. Distilling the Top 100 is never an easy task. Each year, *Inbound Logistics* editors select the best transportation providers by carefully evaluating submitted information, conducting personal interviews and online research, and comparing that data to our readers' burgeoning motor freight and logistics challenges. IL editors selected this year's class of Top 100 Motor Carriers from a pool of more than 200 companies.”

Inbound Logistics is the leading trade magazine targeted toward business logistics and supply chain managers. The magazine's editorial mission is to help companies of all sizes better manage corporate resources by speeding and reducing inventory and supporting infrastructure and better matching demand signals to supply lines. More information is available at www.inboundlogistics.com.
