

iPatientCare is Pleased to Welcome Physicians' Desk Reference® and Area 51 Data Solutions On Board as Event Sponsors at its NUCON, October 21-23, 2016

iPatientCare is Proud to Host Physicians' Desk Reference® and Area 51 Data Solutions on National User Conference 2016 as Sponsors and Exhibitors at the Event

Woodbridge, NJ, October 11, 2016 — iPatientCare, a pioneer in cloud-based ambulatory EHR and [Revenue Cycle Management services](#) is glad to welcome Physicians' Desk Reference® (PDR®) and Area 51 Data Solutions aboard at the National User Conference (NUCON) 2016 as sponsors and exhibitors.

NUCON, the yearly occasion at iPatientCare, gives a novel chance to help medicinal services suppliers and their office staff to stay aware of the advancing social healthcare bend. iPatientCare National User Conference (NUCON) 2016 scheduled from October 21st through 23rd offers a boundless learning opportunity to all its members to stay up-to-date on the upcoming industry developments as well as latest enhancements in iPatientCare product suite. Being a very successful platform, NUCON also allows iPatientCare channel partners, end users, certified professionals, business partners, and entire iPatientCare family to connect and communicate within themselves over Education, Exhibition, and Entertainment.

“Now in our fourth year of participating in NUCON, we are eager to interact with iPatientCare users about the full suite of PDR tools now available,” said Todd Helmink, National Vice President of EMR Solutions at [PDR](#). “We are proud to provide medication adherence support for patients and clinical support to prescribers in the iPatientCare platform, and are confident that users will continue to find value in these tools.”

“We see our integration with iPatientCare as a big leap toward placing HealthCare IT in it's strongest position ever in the industry.” said Craig Sutphin President. “While iPatientCare offers the best cloud-based EHR and unified products suite, [Area 51 Data Solutions](#) is dedicated to delivering proactive and preventative IT solutions, as well as IT support to meet all the technology needs for our clients. We are thrilled to be a partner of iPatientCare and are happy to handle any IT support solutions, such as cloud and managed services, for their clients and anyone else in the medical industry, as we know their EHR solution better than anyone else out there.”

“Like every year, iPatientCare National User Conference 2016 is ready to host a platform that helps healthcare professionals to connect with experts, allowing them to discuss and learn about industry happenings, product enhancements, and emerging trends. It is our pleasure to have Physicians' Desk Reference® (PDR®) and Area 51 Data Solutions on board at the grand annual event of iPatientCare on October 21-23, 2016.” said Rajesh Mandaviya, Manager, Sales/Marketing, iPatientCare.

About iPatientCare:

iPatientCare, Inc. is a privately held medical informatics company based at Woodbridge, New Jersey. The company's unified product suite includes Electronic Health/Medical Record and integrated Practice Management/Billing System, Patient Portal/PHR, Health Information Exchange (HIE), and Mobile Point-of-Care Solutions for both Ambulatory and Acute/Sub-acute market segments. iPatientCare has been recognized as a preferred MU partner by numerous Regional Extension Centers (REC), hospitals/health systems, and professional academies.

iPatientCare EHR 2014 (2.0) has received 2014 Edition Ambulatory Complete EHR certification by ICSA Labs, an Office of the National Coordinator-Authorized Certification Body (ONC-ACB), in accordance with the applicable eligible professional certification criteria adopted by the Secretary of Health and Human Services (HHS).

Full certification details can be found at [ONC Certified Health IT Product List](#).

The ONC 2014 Edition criteria support both Stage 1 and 2 Meaningful Use measures required to qualify eligible providers and hospitals for funding under the American Recovery and Reinvestment Act (ARRA).
