

Superior Recreational Products Begins its Fall Sale Campaign

CARROLLTON, GA – October, 19, 2016 – Superior Recreational Products, a leading manufacturer of recreational products, today announced the beginning of its annual Fall Sale. The sale includes products from its Playgrounds, Shade, Shelter, and Site Amenities product lines. The discounts are as follows:

- Playgrounds: up to 45% off
- Shade and Shelter: up to 40% off
- Site Amenities: up to 20% off
 - Bleachers: up to 10% off

Every season, Superior Recreational Products hand picks products from each of its product lines to put on sale. This fall, Superior has put eight steel units and four recycled units on sale. For the first time, we have included two themed units, one of which was showcased at this year's National Recreation and Park Association annual conference in St. Louis, Mo. There are also eight independent play items and one fitness course on sale from its Playgrounds product line.

Special savings are also available for select shade and shelter structures. Focus has been given to standard and T-cantilever shades for the intended use of shading cars and bleachers.

The sale also encompasses commercial site amenities. Available selections include trash receptacles, benches, and tables from the Regal and Perforated amenity series. Bleachers are also on sale; select Low Rise and Tip and Roll bleachers are 10% off.

“SRP is happy to announce such a comprehensive sale to our customers. We have product on sale that covers all potential commercial recreation needs from both themed and inclusive playgrounds to amenities teamed with shade. We are excited to see how our customers take advantage of this sale,” said David Reeves, Director of Marketing and Customer Care for Superior Recreational Products.
