Rigaku to Feature Latest Instruments at 72nd Annual SWRM meeting

Rigaku Corporation 9009 New Trails Drive The Woodlands Texas 77381 USA

Rigaku will be in attendance at the 2016 Southwest Regional Meeting of the American Chemical Society, promoting its benchtop XRD and XRF spectrometers

Oct 21, 2016 – The Woodlands, TX. <u>Rigaku Corporation</u> is pleased to announce its attendance at the 2016 Southwest Regional Meeting of the American Chemical Society (<u>SWRM</u>) in Galveston, Texas, November 10-13, 2016.

Rigaku is presenting its lines of benchtop X-ray diffraction (XRD), X-ray fluorescence (XRF) and Raman spectroscopy instrumentation at Table 16.

The event will be held at the Galveston Convention Center and will focus on innovations in energy and medicine. The event will include a variety of symposia topics including analytical, biological, computational, inorganic, medicinal, organic, physical, and polymer chemistry.

About Rigaku

Since its inception in Japan in 1951, Rigaku has been at the forefront of analytical and industrial instrumentation technology. Rigaku and its subsidiaries form a global group focused on general-purpose analytical instrumentation and the life sciences. With hundreds of major innovations to their credit, Rigaku companies are world leaders in X-ray spectrometry, diffraction, and optics, as well as small molecule and protein crystallography and semiconductor metrology. Today, Rigaku employs over 1,400 people in the manufacturing and support of its analytical equipment, which is used in more than 90 countries around the world supporting research, development, and quality assurance activities. Throughout the world, Rigaku continuously promotes partnerships, dialog, and innovation within the global scientific and industrial communities.
