No one is invited. No extravagant celebration.

Contract cleaning company FastKlean is fifteen years old today. FastKlean was established in 2000 and the first 15 years have seen continuous growth, and the establishment of a tried and tested delivery process, delivering reliable results for our client base. Instead of having a lavish party FastKlean will be making a charitable donation to a good cause.

In a recent interview company founder, Antoaneta Tsocheva said *"we are donating £2,500 to The Rainbow Trust Children's Charity. Their work is well known and provides vital support for families who have children under the age of 18 with life threatening or terminal illnesses"*

Louise Bingham, Senior Corporate Partnerships Manager of Rainbow Trust Children's Charity responded by saying *"we are grateful to FastKlean for this generous donation. Our work would not be possible without the help of donors like FastKlean."*

FastKlean are devoted to making a difference. The company has taken part in numerous charity events, providing voluntary services or financial support to people and organisations in need. These include *Noah's Ark Children's Hospice, BBC Children in Need, Channel 4 Stand Up to Cancer Support, Breast Cancer Awareness.*

Antoaneta went on to explain *"this donation is part of a culture of charitable giving that I have instilled into the company ethos*

from the beginning.", and noted that *"none of the above would have been possible without our most valuable asset, our people. We put our cleaning staff at the forefront of every decision that we make and working with our top management team, we ensure that staff welfare is given top priority status. The cleaning industry has a reputation for poor working conditions, but at FastKlean our staff are valued and the average length of service of 9 years is a testament to this approach"*, she then added, *"and for this reason, I would like to thank our staff and customers for their continued loyalty and support."*
