

BAKER COUNTY, FLORIDA SELECTED A NEW JURY MANAGEMENT SYSTEM FROM PIONEER TECHNOLOGY GROUP CALLED JURYMARK

The Baker County Clerk of the Circuit Court plans to launch a new, state-of-the-art jury management system which will streamline the panel process moving forward and deliver efficiencies to the public for years to come.

The Baker County Clerk of the Circuit Court has chosen Pioneer Technology Group to install Jurymark, a state-of-the-art jury management system after having gone live with Landmark, Pioneer's industry leading land records system, in 2015. Jurymark will introduce automation into the jury selection and management process for the Baker County Court simplifying the County's jury processing all while improving public service for their jurors of the Court. This new system will simplify the procedures already put in place with the court and streamline the jury selection process.

Stacie D. Harvey, Clerk of the Circuit Court in Baker County, had this to say: "After having installed Landmark, Pioneer's user friendly land records management system, and seeing just how easy it was to work with the Pioneer team in getting our users up to speed on one of their state-of-the-art products it was a clear choice when deciding to move to a new jury management platform. We are excited to see what Jurymark will bring for our County in the years to come and have no doubt our partnership with Pioneer will continue to be a successful one."

Jurymark, includes a configurable panels workspace that allows Baker County users to move jurors from one panel to the next, add extra jurors to an existing panel and even multi-select jurors to set statuses on multiple jurors at one time. Jurymark also a juror workspace with history tracking and document generation, which makes this system a one stop shop for any and all jury related matters. With automated state reporting and full accounting features included it's easy to see why Counties are making the choice to sign up with Pioneer for their jury management needs.

Ryan Crowley, Vice President of Sales & Marketing for Pioneer Technology Group had this to say: "Florida is our home state and we value the partnerships we have built here. We feel confident that Baker County will take full advantage of the efficiencies Jurymark has to offer, streamlining the process for both the staff and citizens of Baker County."

Baker County joins the growing list of customers to have chosen Jurymark, by Pioneer Technology Group, across the United States. In 2015 Baker County went live with Landmark, a land records management system which allows for easy payment processing and instant access to all documents processed with real-time functionality via the web. Jurymark was designed for courts of all sizes and jurisdictions. The online access, text message notification, and kiosk check-in will free up Baker County's staff for higher impact activities such as servicing the public.

About Pioneer Technology Group

Pioneer Technology Group (Pioneer) is a leading developer of software solutions and services to Governments and the private sector.
