

TCT Conference

Join us for the world class TCT Conference at CES 2017 where you will hear from leading innovators, experts and trailblazers from the 3D Printing Industry.

Friday 6th January 2017

09:00-09:30	Greg Morris , <i>Strategy/Growth Leader, GE Additive</i>	Disruptive Manufacturing using Additive Technologies
09:30-10:00	Dror Danai , <i>CBO, Xjet Ltd</i>	NanoParticle Jetting Technology from XJET – Redefining Metal Additive Manufacturing
10:00-10:15	Refreshment break	
10:15-10:45	Derek Mathers , <i>Director, Advanced Applications Development, Worrell</i>	The Feasibility of Westworld: 3D Printing for the Human Body
10:45-11:15	Bill McInnis , <i>Vice President, Reebok Future, Reebok</i>	Next Generation of Footwear Manufacturing
10:15-11:30	Refreshment break	
11:30-12:00	Dávid Lakatos , <i>Chief Product Officer, Formlabs</i>	3D Printing Tech Presentation with Formlabs
12:00-12:30	Gil Perez , <i>SVP Digital Assessts & IoT, GM Connected Vehicles & IoT Security, SAP</i>	TBC
12:30-13:00	Refreshment break	
13:00-13:30	Alex Fietcher , <i>Head of Product Development, Local Motors</i>	From Economy of Scale to Economy of Scope: How 3D Printing will Bring Vehicle Customization to the Masses
13:30-14:00	Brian Mclean , <i>Director of Rapid Prototyping, LAIKA</i>	3D Printing at LAIKA: Science, Technology and Stunning Creativity
14:00-14:15	Refreshment break	
14:15-14:45	Shashi Jain , <i>IoT Innovation Manager, Intel</i>	How IoT and 3D Printing will Enable a New Class of Connected Devices.
14:45-15:15	Noah Fram-Schwartz , <i>Former Design Lab Lead, Google</i>	3D Printing in the Home: Myth or Truth?
15:15-15:30	Refreshment break	
15:30-16:00	Todd Grimm , <i>President, T.A. Grimm & Associates, Inc.</i>	3D Printing Overview, Analysis and Insights
16:00-16:30	Panel Session , <i>Chaired by Todd Grimm President, T.A. Grimm & Associates, Inc.</i>	Evaluating 3D Printing Evolution with Experts

The Venetian,
Conference Room: Marcello 4405,
Level 4, Las Vegas, NV, USA
