Yusen Logistics Wins 2016 Global Quality Award from Renault

Yusen Logistics has won the global supplier award for service quality from French car manufacturer Renault.

This prestigious award recognizes Yusen Logistics' "Eastern Europe" operations, which support the production of over 1.5 million vehicles per annum in Europe.

Yusen Logistics provides LTL (Less than Truck Load), crossdocking and FTL (full trailer load) collection services for Renault in more than seven countries including: Poland, Czech Republic, Hungary, Romania, Croatia, Slovakia and Slovenia.

This is a highly demanding and complex operation, and involves daily routing a high volume of automotive components to over 15 Renault locations throughout Europe.

Veronique Sarlat-Depotte, Managing Director of the Renault-Nissan Purchasing Organization commented: "Serving Eastern Europe with crossdocks and linehaul, Yusen Logistics are considered as a very reliable partner, very transparent, very practical and very committed to what they are doing."

Accepting the award on behalf of Yusen Logistics, Mikhail Kholyavenko, Director of Business Development and Product Management at Yusen Logistics (Europe), commented:

"We are absolutely delighted to receive this award from Renault, as recognition of our service to them. Quality is at the heart of Yusen Logistics culture, and we shall continue with our commitment to continuous improvement and Kaizen".

ABOUT YUSEN LOGISTICS

Yusen Logistics is a leading provider of contract logistics and air/ocean freight forwarding. Offering a truly global, total logistics service, the company provides warehousing, distribution, freight forwarding and supply chain management services. The company's European region employs some 4,500 employees and operates 78 facilities with over 700,000 m² of warehousing space throughout Europe, from Spain to Russia. The global headquarters of Yusen Logistics is Tokyo, with other regional headquarters for East Asia, South Asia/Oceania and the Americas.
