

Spas of America's Top 100 Spas of 2016

Santa Monica, California — Spas of America, the No. 1 spa and wellness travel website, today unveiled its annual ranking of the Top 100 Spas of 2016, based on consumer behavior on its website.

“In 2016, we continued to see steady growth in the North American spa and wellness industry, with record visits and increased revenue,” says Spas of America president Craig Oliver. The 2016 International Spa Association U.S. Spa Industry Study, commissioned by the ISPA Foundation and undertaken by PwC International Survey Unit, reported consumers made 179 million visits to spas in the United States, generating an estimated \$16.3 billion in revenue.

“North American spa and wellness consumers are continuing to focus on health, exercise and fitness experiences - especially in the outdoors,” says Oliver. “Spa and wellness travel offers people a chance to take a step back, enjoy a slower pace and focus on what is truly important.”

The Top 100 Spas of 2016 includes 66 spas from the United States (including 17 from California), 28 spas from Canada, three from Mexico, two from Brazil and one from Turkey.

Health spas were the most popular spa experience, with 34 spas making the Top 100 Spas of 2016 list. City spas followed with 13; Country, Lake and Mountain with eight; Beach, Casino and Mineral Hot Springs had six spas each, followed by Ocean spas with five.

About Spas of America

Spas of America is the largest spa and wellness travel website, showcasing more than 600 of the best resort, hotel and health spas to consumers around the world. We inspire healthy living and travel by providing consumers with a beautiful, clean, easy-to-use online experience in HD quality. The website allows consumers to search for spas by name, keyword, location or experience, and to browse spas on an interactive map.

Launched in 2005, Spas of America receives more than one million page views annually. The site's traffic is very targeted: 90% U.S. and Canada; 70% female; 25-65 years of age (median age 39); college educated; high household income; and health, wellness and travel oriented.
