

Present, Interact,
Collaborate.

The tools to teach the future, ~~one~~ ^{every} student at a time.

Get in the fast lane with wePresent wireless collaboration.

We offer 4 systems to choose from: our **presentation** model WiPG-1000, **interactive** models WiPG-1600 and WiPG-2000, and the NEW **collaboration** model WiCS-2100. For including peripheral devices such as microscopes or document cameras, the SharePod is a great HDMI accessory to the wePresent devices. PresentSense makes your wireless experience even quicker, with lightening fast bluetooth connection.

Key features of the new WiCS-2100

- ✓ GoogleCast Support
- ✓ Improved Audience Remote View
- ✓ Faster Processor & Upgraded Memory
- ✓ Student Presentation Preview
