Hawthorne Cat to Host Career Fair and Open House at San Diego Headquarters

Seeking Qualified Candidates to Join Our Team

San Diego, CA – – Hawthorne Cat, the exclusive Cat® equipment dealer in San Diego, the Hawaiian Islands and the Pacific Region, is looking for experienced applicants to fill various open positions from Service Technicians to Sales and Finance. Qualified candidates have the opportunity to work with Caterpillar® - the international manufacturer of industry leading construction equipment, power generation, and marine propulsion engines for nearly 100 years.

On Saturday, April 1, 2017 from 8:00 am to 11:00 am, Hawthorne Cat will host a career fair and ThinkBIG Service Technician Program open house at their corporate headquarters at 16945 Camino San Bernardo, San Diego, CA 92127. Attendees will have the chance to meet with hiring managers to discuss employment opportunities and learn more about the 2017 ThinkBIG Service Technician Program. Guests can also take a tour of the main campus located in Rancho Bernardo, San Diego.

Available technician positions include Engine Service Technician 1, Machine Service Technician 2, CA Certified Electricians and Rental Technician 2 in San Diego, Hawaii and Guam.

Human Resources Coordinator Susie Feirich says, "At Hawthorne Cat, we're always searching for hardworking individuals interested in providing unparalleled service and support to our customers and partners." Feirich continues, "We offer a dynamic, fast-paced work environment with exciting growth potential, competitive wages, and a complete benefits package."

Visit www.hawthornehiring.com for more information about the application process and to view current positions available.

About Hawthorne Cat

Hawthorne Cat is the authorized dealer for Cat construction and power equipment in San Diego, Hawaii, Guam, Saipan and American Samoa. Hawthorne sells, rents, provides parts and service, training and emission solutions to various industries including general building construction, landscaping, marine, paving and power generation.
