Central Records Gateway Add-Ons

Simple Records Collection, Retention and Secure Access

Expand your Online Document Management Strategy with ParentShare Gateway, Gateway Capture, Gateway Forms, and Gateway Mobile Capture from SRC Solutions.

The Central Records Gateway revolutionizes document management district-wide in student, human resources, and business office functions with complete automation and protection.

Gateway Mobile Capture
Advanced Mobile Document Capture and Archival

- Parents, volunteers, employees and others can receive a text, snap a picture and click submit from their mobile device electronically collecting required documents.

- Request updated documents prior to expiration

- Collected documents are sent directly into the online student, HR or business cumulative records

Gateway Capture
Advanced Document Capture and Archival

- Direct user interface integration with your district Multi Function Copiers

- Direct Scan to Cumulative Folder, Personnel Folder, or Business Office online document collections.

- Gone are the days of scan then browse then upload. Direct to folder scanning eliminates costly human error and liability

- Individual or batch scan direct to online repositories
