

ARGUS RADIOLOGY

Personalizing TeleRadiology

Argus Radiology was formed with one interest, facilitate high-quality TeleRadiology service.

Argus' focus is on the following customer segments:

Radiology Groups <30
Free-Standing Emergency Rooms
Rural, Community-Based, & Acute Care Hospitals
Orthopedic Surgery Centers

....Our sole focus remains, as it did on day one, *Personalized TeleRadiology Service.*

Argus Radiology's Key Points of Differentiation:

- **Radiologist owned and managed** (radiologist leadership ensures every concern is addressed with patient care at the forefront)
- **Transparent Turn-around-times (consistently averaging < 20 minutes since Jan. 1, 2013)**
- **Accuracy rates over 99.85%** (discrepancies between 2013-2015 < 0.13%)

- **Direct Access to Radiologists** (direct phone # to the reading Radiologist is located at the bottom of each report)
- **Quality of Reports** (based upon comments and feedback provided new clients in blinded surveys)
- **Quick and easy web-based RIS/PAC system** (submitting, viewing and receiving reports with 24-hour support)

- **Business model unique to TeleRadiology** - credentialing and/or assigning a limited, 5-10, Radiologists per facility. This minimizes the efforts required by those credentialing and improves the familiarity/ communication between ordering physician and radiologist. Our goal is enhanced patient care.

- **Trust - Argus Radiology as an extension of your current service.** Our non-compete, standard, contract prohibits Argus from expanding services at our client's facilities 2-years beyond dissolution of contract.

- **Redundant staffing** (24*7*365 availability)
- **Sub-Specialty reads with MRI, CT, and US volume based discounts available**
- **Preliminary & Final Reports**

- **Stroke Protocol adherence**
- **Joint Commission Accredited**
- **Personalized service tailored to your needs, your work-flow, and your connectivity abilities and desires**

FACT: The majority of our clients arrived at Argus due to dissatisfaction with their teleradiology provider!

*Find out 'why' Argus Radiology has **never** lost a client to another teleradiology company!*

"Thank you" for the opportunity to be your TeleRadiology Partner!
