

## BodyGuardz Pure Arc Protects Galaxy S8 Curves

**LEHI, UT April 21, 2017** — [BodyGuardz](#)<sup>®</sup>, a leader in mobile device protection, introduced BodyGuardz Pure Arc<sup>™</sup>, its first curved glass screen protector for the new Samsung Galaxy S8 and S8+ phones.

“Curved glass screen protection that actually works has long been the unicorn of the accessories market, until now,” said Ryan Noel, BodyGuardz’ Senior Brand Manager. “BodyGuardz Pure Arc represents the successful culmination of more than a year of research and development, where our mission was to create a premium-grade screen protector that matched the subtle screen curves of Samsung devices.”

This high-grade tempered glass screen protector features a curved-edge design that precisely emulates the curves of the Samsung Galaxy S8. In succeeding where others have not, BodyGuardz engineered Pure Arc with clear adhesive on the edges so every pixel on its curved display can be seen.

BodyGuardz Pure Arc was created with 100% glass, which is an incredible accomplishment for a curved screen protector. In addition, BodyGuardz Pure Arc features:

- Best-in-class touch sensitivity
- Extreme impact and scratch protection
- Smooth and dust-free design
- Clear adhesive for edge-to-edge clarity
- Seamless compatibility with BodyGuardz cases for 360-degree protection

BodyGuardz Pure Arc is an uncompromising, game-changing protection solution for Samsung users. Visit [BodyGuardz](#) to pre-order the [S8](#) (\$44.96) and [S8+](#) (\$49.95).
