RAADfest 2017 to Feature World-Class Innovators on Super Longevity

The 'Woodstock of radical life extension' is bigger and better than ever

August 9 – 13, 2017 in San, Diego California

Scottsdale, AZ, May 20, 2017 – Building on the success of the inaugural RAADfest last year, RAADfest 2017 will be even bigger, more inspiring, and more informative on the very latest developments in radical life extension. RAADfest combines cutting edge science presented for a lay audience, with the energy, entertainment and fun of a festival, and the empowerment of personal development, making it the largest most comprehensive and inclusive super longevity event in the world. RAAD stand for Revolution Against Aging and Death.

RAADfest 2017 will feature a world-class lineup of presenters, including **Dr. Mike West**, CEO of BioTime, a leader in applying developmental biology to age-related degenerative disease; **Dr. Michael Rose**, a top scientist in physical immortality and human evolution; **Robin Farmanfarmanian**, author of The Patient as CEO; **Suzanne Somers**, actor, author and longevity activist; and over 30 other scientists, futurists, visionaries and thought leaders in the field.

In addition to cutting edge information, RAADfest will provide inspiration and celebration in the form of live entertainment, parties, and shared meals offering ample time to connect and enjoy. This element of community building is what makes RAADfest so welcoming to a broad audience of radical life extension enthusiasts, advocates and entrepreneurs.

RAADfest is being put on by the Coalition for Radical Life Extension. “We’re galvanizing the radical life extension community by gathering people together to learn, connect and grow, and have a great time doing it,” says Coalition President, James Strole. “Last year proved that RAADfest is needed and appreciated. This year we are taking it to the next level with an additional day of activities, new speakers and updated information.”

RAADfest will be held August 9 – 13 in San Diego, California, providing the information and empowerment people need to make the best possible choices for creating their unlimited future.

For more information and to register, go to: www.raadfest.com.

The Coalition for Radical Life Extension is a not-for-profit organization, powered by People Unlimited, which is rallying like-minded people to come together to stand up for radical life extension and physical immortality. Uniting scientists, entrepreneurs, academics, activists and lay people, the coalition’s mission is to bring about a sea change in how radical life extension is viewed and understood, in order to generate greater support for a broad range of related initiatives.
