

Hover Energy Selected as a Top Innovator 2017 – Clean Tech at the New York Venture Summit

Hover Energy presented at the New York Venture Summit and was recognized as a clean tech pioneer

DALLAS, Texas, July 19, 2017 – **Hover Energy, LLC** (“Hover” or the “Company”) announced today that it has been selected as a *Top Innovator 2017 – Clean Tech* at the New York Venture Summit. The Company presented to a group that included more than 100 venture capital firms in New York City on July 19.

“Being recognized as a top innovator in the clean technology industry represents another milestone achieved by Hover,” commented Albert McLelland, Chief Executive Officer of Hover. “We have significantly advanced our wind power generation technology over the past two years and are preparing for commercialization at a time of high market demand.” The Company is preparing to install its initial Hover Array System on a commercial building in Texas in the coming months.

About Hover Energy, LLC

Hover Energy LLC possesses a transformative wind power generation technology. The Company expects to remake the onsite wind energy market by providing an impactful wind power solution with high energy density and a wide range of applications, including the built environment.
