WELCOME TO  
POET

---

Why is our favorite man our favorite poet?

Because he sees things in both their  
expected and unexpected forms.

Because he listens and remembers.

Because he tries. Because he learns.  
Because he notices.

Because he notices the important pieces.

Because for all of these reasons and more,  
he is deserving of a suitable collection.

Introducing POET.

For years now, we've been asked to do a men's collection, and for years we've hesitated –

Not because we didn't want to make one, but because we wanted to make it right, we wanted to make it true. We also knew that it was going to need a good name, and this was a bit daunting.

It came down to questions of character.

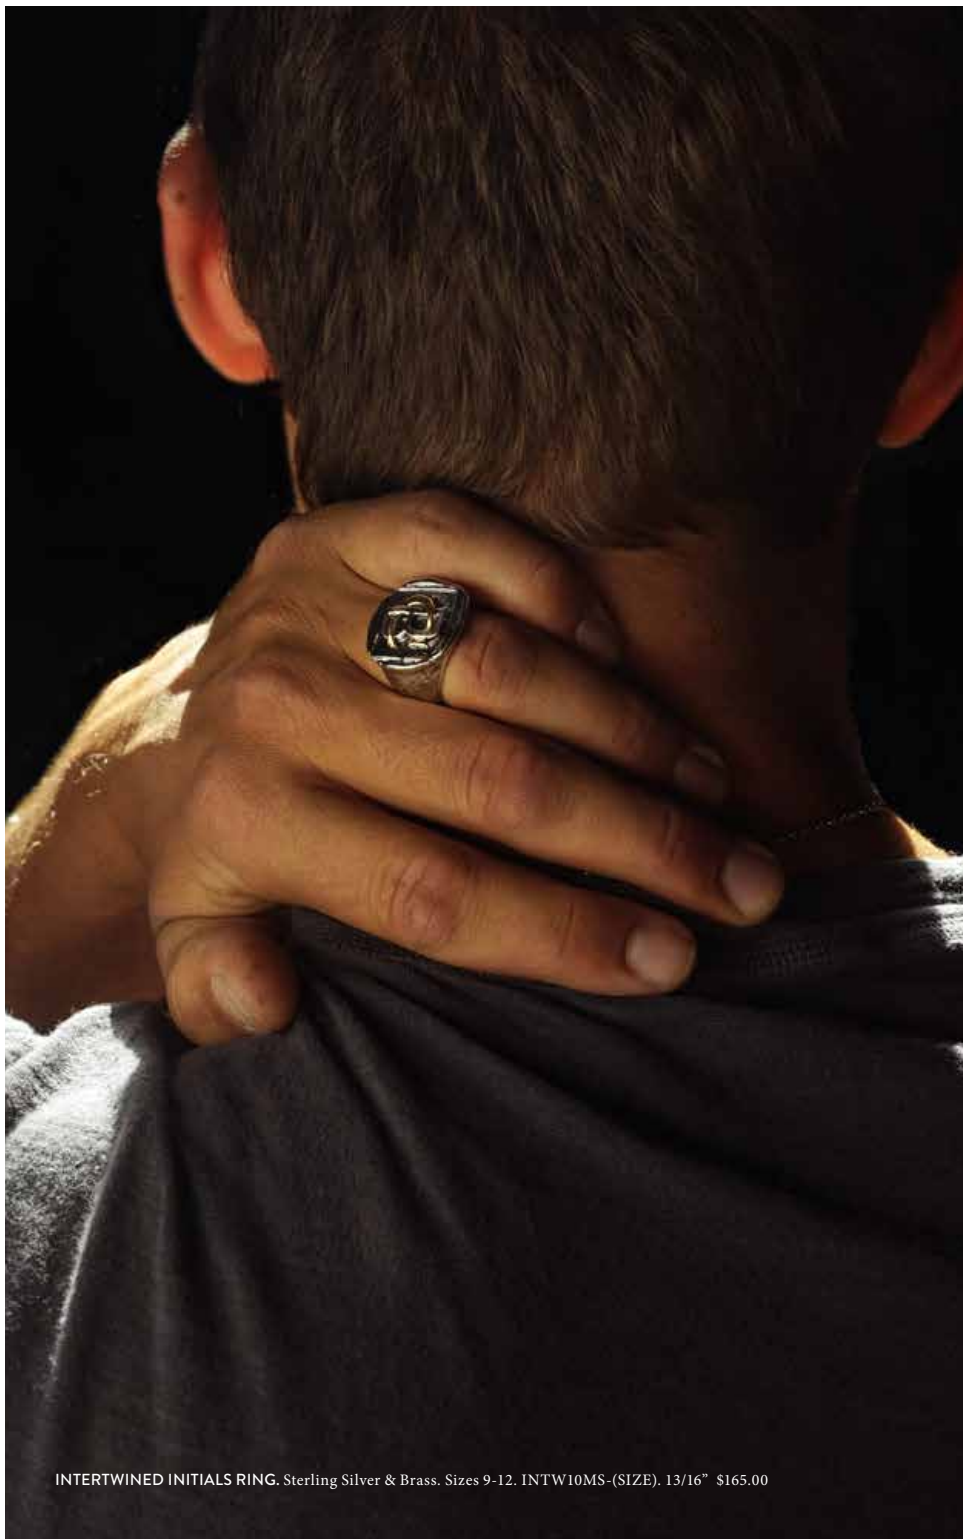

## By virtue

---

of the way a Poet employs language, both it and we  
change when they share their observation.

## FASTENER CUFF

Inspired by the men  
who inspire us.

Good work requires not just finishing, but fastening. Paying homage to all our industrial heroes, our Fastener Cuff features a screw-form detail on one end, reminding the wearer/bearer of his importance in connecting meaning and matter.

SMALL HOOK BRACELET - LARGE. Brass & Cotton Cording. HOOK7BR-L. 8-1/4" \$26.00

DARK OXY SIGNET RING. Sterling Silver. Sizes 9-12. SIG10SS-(SIZE). 25/32" \$143.00

## FINE FETTLE CUFF

Good form, fine fettle, excellent condition, working order, earnest and ready. Our Fettle Cuff is inspired by blacksmiths, metalwork, and the mingling of industrial demands and (yes) poetic inspiration. Made with heart in Bali, meant to wear long and true.

## DARK OXY SIGNET RING

Our gestural take on the classic men's design, sans initials or illustrations, the Dark Oxy Signet Ring retains its iconic form.

TWO STRAND LEATHER BRACELET – LARGE. Sterling Silver & Leather. 2STRD7SS-LTH-L. 8-1/4" \$143.00

## Noteworthy, nuanced details

---

**P**OET pieces are designed to accent innate style versus overly scripting it, pieces that, when employed by the wearer, don't transform him into something new, but instead draw concentrated attention to his existing poetic self.

## CHAIN TAG NECKLACES

Form inspired by function inspired by antiquity: our Chain Tag Necklace features an eye-catching pendant whose form owes its design to chainmail and link patterns, suspended from a curb chain made of sterling silver. Choose between a pendant of lightly oxidized brass or sterling silver.

# Who is the most interesting character in the room?

*The one who is noticing. Poets are hiding in plain sight.*

## MIDSUMMER NIGHT NECKLACE

June in the wee hours, somewhere with mountains, the last sky view after the campfire burns out. That kind of feeling, encapsulated here in an inset-frame type pendant featuring a cluster of engraved star glyphs.

## LEATHER TAG NECKLACE

A leather tag, stamped with two emblematic symbols (a star and an anchor), hangs from a sterling silver curb chain.
