Yusen Logistics (Americas) Recognized as Leading Service Provider by Three Industry Publications

Secaucus, NJ: Yusen Logistics (Americas) Inc. has been recognized as a leading third-party logistics service provider in 2017 by three industry publications.

For the seventh consecutive year, Yusen Logistics was named to *Inbound Logistics'* Top 100 3PL Provider list. The magazine recognizes companies who, based on analysis by the editors, are best equipped to meet and exceed their readers' needs for outsourced logistics services.

Food Logistics included Yusen Logistics on its Top 100 3PL and Cold Storage Provider list, which serves as a resource of 3PLs whose logistical solutions and services are critical for food and beverage shippers. This marks the third year in a row that Yusen Logistics has earned this honor.

For the first time, Yusen Logistics was recognized as one of America's Leading 2017 3PLs by *Global Trade* magazine. The company was featured in the magazine's E-Commerce/Omni Channel category. Global Trade selected the 3PLs based on a year's worth of study that included their reputation in the industry and new initiatives and services provided, as well as exceptional excellence in doing what they do.

"It is an honor to be acknowledged as a top 3PL by these industry publications," said John Simonsen, Vice President, Corporate Development, Yusen Logistics. "This recognition reflects our commitment to providing exceptional service to our customers and is a testament to the dedication and hard work of our team members."

About *Inbound Logistics*

Inbound Logistics is a leading trade magazine targeted toward business logistics and supply chain managers. The magazine's editorial mission is to help companies of all sizes better manage corporate resources by speeding and reducing inventory and supporting infrastructure, and better matching demand signals to supply lines.
