## What is miraDry<sup>®</sup>?

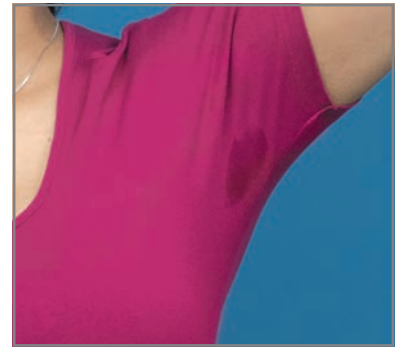

miraDry<sup>®</sup> is a revolutionary, FDA-approved procedure to help eliminate the need for deodorants that often contain harmful toxins such as certain types of lead. This safe, non-surgical procedure can eliminate the time-consuming hassle that comes along with sweating and save money by doing away with the constant need for new clothing due to sweat stains that won't come out in the laundry. Utilizing unique electromagnetic frequencies, miraDry<sup>®</sup> will effectively destroy the sweat glands under your arm and tackle the root of the problem so that you can live your life more comfortably and lift your arms without worrying what moisture and odor is hiding underneath. **Schedule an appointment today with Guerra Plastic Surgery Center, the #1 miraDry<sup>®</sup> treatment center in Arizona!**
