

**iPatientCare is proud to announce ConnectiveRX and Practice Insight joining iPatientCare's National User Conference 2017, as Gold Level Sponsors and Exhibitors**

**ConnectiveRX and Practice Insight continues to achieve strong bonds with iPatientCare, to affiliate as Gold Sponsors and Exhibitors for upcoming NUCON 2017**

**Woodbridge, NJ**, October 05, 2017 — iPatientCare, a pioneer in cloud - based **ambulatory EHR** and **Revenue Cycle Management services**, are glad to welcome ConnectiveRX and Practice Insight aboard at the National User Conference (NUCON) 2017 as the Gold level sponsors and exhibitors. Adding more zest to the event, ConnectiveRX (formally known as PDR) and Practice Insight will be present at New York and virtually with their respective booths.

iPatientCare **NUCON 2017** is scheduled from October 6 – 7, 2017. Annually, this occasion gives a chance for all the healthcare service providers along with their staff to stay updated with upcoming advancements in the healthcare industry. Along with loads of entertainment, this event presents endless learning opportunity to all the members of iPatientCare in the latest enhancements of its products and services. NUCON brings all the channel partners, business partners, certified professionals, and the entire iPatientCare family to connect and communicate with each other on this same platform.

“Like every year, iPatientCare National User Conference 2017 is ready to host a platform that helps healthcare professionals to connect with experts, allowing them to discuss and learn about industry happenings, product enhancements, and emerging trends. It is our pleasure to have ConnectiveRX and Practice Insight on board at the grand annual event of iPatientCare on October 6-7, 2017.” said **Rajesh Mandaviya**, Manager, Sales/Marketing, iPatientCare.

**About iPatientCare:**

Based at Woodbridge, New Jersey, iPatientCare is a private-held Corporation that is nationally recognized as one of the leading companies providing EHR and integrated MACRA-ready solutions and intelligent medical billing and revenue cycle enhancement services to physician offices providing primary and specialty care, rural health clinics, and community/federally qualified health centers (CHC/FQHC) nationwide.

At iPatientCare, we help healthcare providers dramatically reduce A/R days and improve collections rates, reduce billing costs, eliminate the burden of repeatable, high volume work on their internal teams, and plug gaps in staffing and internal bandwidth. Our expert teams are comprised of senior executives with extensive experience in clinically-driven revenue cycle management systems including certified billers and coders with managerial capabilities to facilitate client interactions, escalations and SLA. We also provide a dedicated account manager and a team of talented experts assigned to work as an extension of your office, instead of operating as an outsourced billing company or technology vendor.

iPatientCare EHR 2014 (2.0) has received 2014 Edition Ambulatory Complete EHR certification by ICSA Labs, an Office of the National Coordinator-Authorized Certification Body (ONC-ACB), in accordance with the applicable eligible professional certification criteria adopted by the Secretary of Health and Human Services (HHS). Full certification details can be found at [ONC Certified Health IT Product List](#). If desired, we make the difficult tasks of revenue cycle optimization and MACRA/PCMH/QR reporting easier by bundling innovative EHR and other cloud-based practice solutions as part of our revenue cycle management and MACRA consulting services at no additional costs.

As part of its MACRA-ready solutions, iPatientCare has been recognized as a qualified MACRA-MIPS registry for the year 2017 by CMS, and has a distinguished credit of being selected as a preferred EHR vendor and medical/chiropractic billing company by more than 70,000 users nationwide, numerous hospitals/health systems, federally funded regional extension centers, and in the past by the US Army and NASA Space Medicine.
