

THE DEVICE FOR ULTIMATE PHARMACY MOBILITY

Beacon Mobile is the latest innovation and addition to the Beacon Series. Users can stock Beacon using a mobile device, freeing them from the desktop client. Beacon continues to help you save time by making your stocking even faster.

- Reduces walking back and forth when stocking and searching
- All work performed without being tied to the desktop screen
- Beacon Mobile is assigned a scanner color just like a Beacon client
- Device allows user to:
 - Log in
 - Verify settings including IP address and Wi-Fi connection
 - Stock items using Vendor Put, Put Bin Put, or Return Put — all the Put functionality of a Beacon client
 - Search by Barcode, Custom NDC, NDC, Location, or special locations such as In-hand, Put Bin, or Trash
 - Perform Cycle Counts and Audits as on a Beacon Client — do not need to print Cycle Count or Audit report
- Long battery life: 8 to 10 hours of operation on single battery charge
- Standard 4-slot battery charger
- Includes single slot charging cradle that accommodates protective boot
- Includes safety finger strap and rubber protective boot for protection and ergonomics

BEACON TECHNOLOGY YOU CAN TRUST
