Toshiba Adds Purvis Industries to National Distribution Network

HOUSTON, TX — Dec. 12, 2017 — Toshiba International Corporation (TIC) today announced the addition of Purvis Industries to their nationwide network of distributors. Purvis now offers the full range of Toshiba motors, adjustable speed drives, and motor control products through their multi-state branch offices.

“Purvis is a welcome addition sure to strengthen the quality and reach of the Toshiba distribution network,” said John O’Brien, director of distribution sales at Toshiba. “Their emphasis on quality, and customer satisfaction are well aligned with our values at Toshiba and we look forward to a mutually prosperous future.”

Purvis was founded in 1945 and is the largest independent mechanical power transmission distributor in the U.S. Purvis offers a wide variety of products from local inventory. Based in Dallas, Texas, Purvis also shares similar goals as TIC, such as continual improvement and 100% customer satisfaction. Call 800-580-5588 or visit www.purvisindustries.com to learn more.

“Toshiba has a legacy of innovative industrial solutions that are a natural fit for customers,” said Purvis Vice President of Corporate Operations Jeremiah Johnson. “We welcome the opportunity for new business and look forward to working together to exceed the expectations of our customers.”

About Toshiba International Corporation

Toshiba International Corporation (TIC) is a Toshiba America Inc. (TAI) Group Company, a wholly owned subsidiary of Toshiba Corporation, and comprised of four divisions – Motors & Drives, Power Electronics, Automotive Systems, and Transmission & Distribution Systems. Headquartered in Houston, Texas, TIC provides application solutions to a wide range of industries including general industrial, oil and gas, utilities, datacenters, HVAC, water/wastewater, and mining. For more information about TIC, please visit www.toshiba.com/tic.

About the TIC Motors & Drives Division

The TIC Motors & Drives division, which offers a full range of low and medium voltage motors, adjustable speed drives, motor controls, and power apparatus & components, is anchored by a totally integrated manufacturing process; research and development, design, engineering, production and manufacturing, and aftermarket service and support are all commandeered under one roof. With the capability to test products together as a system before sending out into the field, TIC ensures the highest level of quality, performance, and reliability.
