## AFG APPOINTS JERROLD DINKELS, PE VICE PRESIDENT, NYC OFFICE

**Herndon, VA, December 15, 2017: AFG Group, Inc. (AFG)** is pleased to announce that Mr. Jerrold (Jerry) Dinkels, PE, has been appointed a Vice President of AFG.

Previously serving as AFG's Director of Program and Construction Management in New York City, Jerry led the firm's expansion over the past few years into more diverse clients. Jerry's new position will allow him to directly oversee AFG's growth plans based out of the NYC office, including operations, business development, and ensuring quality client support throughout the metropolitan New York and Tri-State areas.

Jerry has over 45 years of professional experience in delivering program, project and construction management services, retiring from the Port Authority of New York/New Jersey in 2005 where he led their World Trade Center Capital Projects Group. Since then Jerry held similar positions for both large and small private engineering and construction management firms. Since joining AFG in 2016, Jerry has led AFG's New York operations supporting the U.S. Department of Veteran Affairs, the U.S. General Services Administration, and numerous local New York City agencies, including New York Housing Authority, Department of Design and Construction and Department of Environmental Protection.

AFG Chief Executive Officer, Cheryl K. O'Connor remarks, "In the two years since Jerry joined AFG, he has been extremely successful in expanding our brand presence, developing long lasting partner relationships and expanding our client base in all federal, state and city agencies. We are proud to have him lead our New York Office into the future as the company continues to expand nationwide."
