USA 77381-5209

Rigaku will be in attendance at the rescheduled Gulf Coast Conference, exhibiting its benchtop spectrometers at Booth #722, 723

December 29, 2017 – The Woodlands, Texas. [Rigaku Corporation](#) is pleased to announce its attendance at the 2017 Gulf Coast Conference ([GCC](#)), to be held Wednesday, January 17, to Thursday, January 18, 2018 at the [George R Brown Convention Center](#) in Houston, Texas. Rigaku will be exhibiting its benchtop lines of X-ray diffraction ([XRD](#)) and wavelength dispersive X-ray fluorescence ([WDXRF](#)) instrumentation at Booth # 723.

Energy dispersive X-ray fluorescence (EDXRF) instrumentation from Applied Rigaku Technologies, Inc. ([ART](#)) will be presented at Booth # 722.

The January event is the result of the rescheduling of the 2017 Gulf Coast Conference, postponed due to effects of Hurricane Harvey.

The Gulf Coast Conference is a non-profit organization oriented toward the education and advancement of knowledge of chemical analysis technology associated with the petrochemical, refining, and environmental fields.

Rigaku provides the world's most complete line of X-ray diffraction and X-ray fluorescence instruments and components, including state-of-the-art solutions for elemental analysis of crude, fuels and lubricants.

About Rigaku

Since its inception in Japan in 1951, Rigaku has been at the forefront of analytical and industrial instrumentation technology. Rigaku and its subsidiaries form a global group focused on general-purpose analytical instrumentation and the life sciences. With hundreds of major innovations to their credit, Rigaku companies are world leaders in X-ray spectrometry, diffraction, and optics, as well as small molecule and protein crystallography and semiconductor metrology. Today, Rigaku employs over 1,400 people in the manufacturing and support of its analytical equipment, which is used in more than 90 countries around the world supporting research, development, and quality assurance activities. Throughout the world, Rigaku continuously promotes partnerships, dialog, and innovation within the global scientific and industrial communities.
