Milgard Wins Best of Houzz Design 4 Years in a Row

Tacoma, Wash. (Feb 1st, 2018) – Milgard® Windows & Doors has recently received Best of Houzz in Design for the 4th year in a row.

Each year Houzz Inc., the leading platform for home renovation and design, allows their community of over 40 million users to select their favorite Design photo found on the Houzz platform, and Milgard was once again in the top three percent of more than 1.5 million photos on the site.

“We are thrilled to have received this honor 4 years in a row,” said Jeremiah Noneman, marketing director at Milgard Windows & Doors. “We’re excited to continue providing inspiration and guidance for great windows and patio doors to the Houzz community.”

This people’s choice award, called “Best of Houzz Design”, denotes the most popular images on Houzz and is identified by a specific badge that appears on the page of the winning business. Those who win multiple years in the same category help homeowners and shoppers identify a company focused on excellence.

"The Houzz community selected a phenomenal group of Best of Houzz 2018 award winners, so this year's recipients should be very proud," said Liza Hausman, vice president of Industry Marketing for Houzz. "Best of Houzz winners represent some of the most talented and customer-focused professionals in our industry, and we are extremely pleased to give them both this recognition and a platform on which to showcase their expertise."

Milgard regularly adds photographs of recently completed home renovations to Houzz and is considered a top resource for design ideas and inspiration on remodeling and new home construction projects. With our breadth of options ranging from vinyl and wood to fiberglass and aluminum, Milgard window and patio door products can fit into any home style.
