iPatientCare is all set to demonstrate 2015 ONC Health IT Certified EHR with the Tele-medicine Capabilities along with the Population Health and technology-enabled Revenue Cycle Services at HIMSS18

iPatientCare, the First ConCert by HIMSS Certified Ambulatory EHR, and a recognized Healthcare IT industry leader, is all set for participating at HIMSS18.

Woodbridge, NJ, Feb 27, 2018 - iPatientCare, a pioneer in **cloud-based ambulatory EHR** and **Revenue Cycle Management services**, is set to participate in HIMSS18 to highlight R18 – the newly launched EHR version. R18 is 2015 ONC Health IT Certified EHR supporting all criteria required for the CPC+ program along with features like Tele-medicine, care plan, care coordinators' and implantable device.

HIMSS aims to bring all like-minded people (health IT professionals, clinicians, executives and vendors) globally, on to the same platform. The **HIMSS Annual Conference & Exhibition 2018** is organized from March 5th – 9th 2018 in Las Vegas. It is hosting the most extensive technical exhibition, providing the strongest networking opportunities to connect with numerous IT professionals and industry leaders. During these five days, there are about 300 sessions that are organized with participation of more than 1300 exhibitors and 45,000 professionals. HIMSS18 is focusing on topics such as – Privacy & Security, Interoperability & data integration, Population Health, Telehealth, and Precision Medicine/Genomics and many more, which are important for the global healthcare IT.

iPatientCare, being the first ConCert by HIMSS certified ambulatory EHR in 2015 and Healthcare IT Industry Leader in 2017 by IHE and HIMSS, accepts its responsibility to pay its efforts to be on higher scale to satisfy expectation from industry professionals. iPatientCare has been dedicated to deliver technologies that support patient-centric information that can be easily streamlined between professionals and patients. The output is enhanced quality of care, increased patient safety, reduced administrative overheads, and increased effectiveness of healthcare process.

"We are prepared and eagerly waiting to showcasing our new and innovative products for telemedicine, remote patient monitoring, population health management, and technology-enabled revenue cycle services at booth #11953 at HIMSS18. iPatientCare looks forward to discussing our long-term partnerships with hospital/system CMIO, CIO, CTO during this technical exhibition.", said Udayan Mandavia, President/CEO, iPatientCare.

iPatientCare looks forward to meeting with other innovators, influence leaders, and attendees from across the globe at **booth #11953 at the HIMSS18 event**.

About iPatientCare:

Based at Woodbridge, New Jersey, iPatientCare is a private-held Corporation that is nationally recognized as one of the leading companies providing EHR and integrated **MACRA-ready solutions** and intelligent medical billing and revenue cycle enhancement services to physician offices providing primary

and specialty care, rural health clinics, and community/federally qualified health centers (CHC/FQHC) nationwide.

At iPatientCare, we help healthcare providers to dramatically reduce A/R days and improve collections rates, reduce billing costs, eliminate the burden of repeatable, high volume work on their internal teams, and plug gaps in staffing and internal bandwidth. Our expert teams are comprised of senior executives with extensive experience in clinically-driven revenue cycle management systems including certified billers and coders with managerial capabilities to facilitate client interactions, escalations and SLA. We also provide a dedicated account manager and a team of talented experts assigned to work as an extension of your office, instead of operating as an outsourced billing company or technology vendor.

iPatientCare EHR 2014 (2.0) was 2014 Edition Ambulatory Complete EHR certification by ICSA Labs. Full certification details can be found at **ONC Certified Health IT Product List**. Now, the newer version of iPatientCare EHR - version 18.0, has received 2015 Edition ONC Health IT certification by Drummond Group, an Office of the National Coordinator-Authorized Certification Body (ONC-ACB), in accordance with the applicable eligible professional certification criteria adopted by the Secretary of Health and Human Services (HHS). Full certification details can be found at **ONC Certified Health IT Product List**. If desired, we make the difficult tasks of revenue cycle optimization and MACRA/PCMH/QR reporting easier by bundling innovative EHR and other cloud-based practice solutions as part of our revenue cycle management and MACRA consulting services at no additional costs.

As part of its MACRA-ready solutions, iPatientCare has been recognized as a qualified MACRA-MIPS registry for the year 2018 by CMS, and has a distinguished credit of being selected as a preferred EHR vendor and medical/chiropractic billing company by more than 70,000 users nationwide, numerous hospitals/health systems, federally funded regional extension centers, and in the past by the US Army and NASA Space Medicine.
