

Column Designs

Pergola kits are completely finished and ready to install

Notched Beams are unique for easy roof assembly

Low-Maintenance for years of enjoyment

Makes a statement to any open space

Fiberglass construction offers superior quality, high strength-to-weight ratio, not affected by temperature changes unlike wood or vinyl.

Functional and Stylish Design

- Available in Free Standing and Attached Designs
- Choose from five column designs
- Rafters are 16" on center
- Optional Purlins offer additional shade
- Standard Sizes are available or create your own custom size
